DETAILS of a car crash in which a teenage girl died have been posted on the Facebook social networking site before her family was informed. The 16-year-old was passenger and died at the scene of the crash in the southern Perth suburb of Leda yesterday about 8pm.

Police say the girl, from Baldivis, was not wearing a seatbelt when the car rolled in Gilmore Avenue.

Sergeant Graham Clifford said distressed family members arrived at the scene after news of the crash had been posted on Facebook.
