A **satanist**, obsessed with teenage schoolgirls, invented a **fake** gothic society online to groom them for sex in the grounds of Sydney's Rookwood Cemetery.

Daniel William Peckham, 24, lured at least three girls, *aged from 13 to 17*, into the cemetery on his MySpace blog.

(Yesterday, October 29) Peckham pleaded **guilty** to the **aggravated sexual assault** of a **15-year-old girl** and to using the internet to solicit and transmit naked pictures of young girls between 2005 and 2007.

He **continued** *to send letters from jail to girls he met through the blog.*

Extracts from the letters and journals Peckham has kept in prison were read to the court.

In a letter, he wrote he would "do the *Devil's work* **until the day I die**" and "**keep** *luring young girls* into Satan's loving embrace of carnal delights".

Psychiatrist Michael Diamond said Peckham's drive to obtain access to young girls had been "**the core** *of his existence*".
